

and killing enemies
I promised to unite and
while I think it would
please many old natives
of Newburyport, I cannot
urge it as I would
on some other report
I appreciate their good will
and respect to a leader
in the cause of freedom
even such way marks
show the estimation and
respect there is in the
heart of the people for
those that opened their
Mouths for the oppressed
and down trodden bondmen
and women. Thank God Slavery
is dead in this County.

Yours Truly
Rich^d Plummer

My Dear Friend

My Neighbor
Capt Bartlett wrote you
to day requesting the
pleasure of your Company
on the One hundredth
Anniversary of the
Newburyport Artillery Company
and very urgently requested
me to add a word
I informed him that
you had far greater
love for the teachings
of Jesus who taught us
to Love our enemy
and if you should
come, you would
speak against war
